Date Rule Proposed: December 6, 2007

Name of proposed rule being terminated:

SPA2005-013 Outpatient Hospital Reimbursement Methodology

Explanation of the purpose of the proposed rule and the reason(s) for proposing the rule:

This State Plan Amendment was originally filed to allow the Division of Medicaid to change the outpatient hospital reimbursement methodology to a more efficient method whereby rates are trended forward annually. This was originally filed with the Secretary of State on September 30, 2005. That version was withdrawn on December 6, 2007 and refiled on December 6, 2007. Again, an update was filed on July 11, 2008, with that version being withdrawn on July 31, 2008. Another update was filed on August 5, 2008 and withdrawn on September 10, 2008. The intent of this filing is to withdraw all previous filings regarding transaction number SPA2005-013.

Reason(s) for terminating the proposed rule:

The Division is moving away from cost based reimbursement to an APC fee schedule for hospital outpatient services.

Date Proposed Rule Terminated: February 26, 2010
